Graduate *	Masteral	6,500.00
	Doctoral	6,500.00
Medicine*	I – IV	20,000.00
Student Assistants*		6,500.00

* Log in to your MySilliman account at **my.su.edu.ph** to accomplish the Undertaking with Release of Liability **before enrollment**. Due dates for installment payments would depend on the chosen payment schedule.

Policy Guidelines:

1. A 1.5% discount for full cash payments upon enrollment, but not later than **November 6, 2017** (subject to periodic review).
2. Unless proof of the lower income is shown, students will be assessed on the basis of the higher Academic Enhancement Fee (AEF) rate (annual family income is greater/equal to P150,000.00). To take advantage of the lower AEF rate, the parents' 2016 Income Tax Return must be submitted during the enrollment, but not later than **November 30, 2017**. (Faculty, staff & their dependents will not be able to take advantage of the lower AEF rate since they already enjoy tuition discount privileges.)
3. For parents who have two or more children enrolled at SU, discounts on the Academic Enhancement Fee are granted as follows:

First Child	None
Second Child	20%
Third – Fifth Child	40% (each child)

A list of children and their corresponding levels must be submitted to the Business and Finance at the time of enrollment. Birth certificates of each child should be submitted not later than **November 30, 2017**, if none had been given in the previous semester.

4. To avail of senior citizen-student's educational assistance at 20% of tuition fee, copies of the senior citizen's ID, passport or birth certificate must be submitted not later than **November 30, 2017**.
5. Withdrawal of enrollment for reasons other than sickness or physical injury should be done within the **first five days** from the start of classes to avail full refund of downpayment less registration fee and service charge. The insurance fee will also be charged if the student's name has already been submitted to the insurer. Students withdrawing after this period shall be charged as follows:
 - The amount paid or charged as downpayment – for withdrawals within the four weeks of the opening of classes.
 - 50% of tuition and fees – for withdrawals after four weeks of the opening of classes up to midterm.
 - 100% of total fees – for withdrawals after midterm.
