

7th ASEF PUBLIC DIPLOMACY TRAINING (ASEFPDT7) 2019

7th Online Course (29 July – 20 September 2019)

7th Face-to-face Training (21-25 October 2019, Siem Reap, Cambodia)

BACKGROUND

Public diplomacy involves strategies and activities aimed at influencing both the foreign and domestic public, understanding their attitudes towards foreign policy and shaping their views on related issues. These efforts help establish a dialogue across borders that improves understanding of each other, and shapes more positive perceptions of a country's foreign policy priorities or an organisation's international relations. For this reason, it is important that those actors responsible for improving the image of their country or organisation have a well-informed understanding of how they are currently perceived. This ensures that new initiatives can be implemented to build on strengths, address any perceived misunderstanding, and improve the overall relationship. In this regard, the ASEF Public Diplomacy Training provides diplomats, government officials and civil society representatives a unique opportunity to build or further enhance their public diplomacy skills and exchange best practices.

The ASEF Public Diplomacy Training started in 2013 with the formulation of toolkits and training modules. The training sessions were implemented in 2014, 2015, 2016, 2017 and 2018 with 6 tutored online courses and 6 face-to-face trainings held in Geneva (Switzerland), Kuala Lumpur (Malaysia), Bangkok (Thailand), The Hague (Netherlands), Jakarta (Indonesia) and Vienna (Austria). A total of 249 participants from 50 ASEM Partners have benefitted from the Training. This year, the Face-to-face training will be hosted by the Cambodian Ministry of Foreign Affairs and International Cooperation in the lead up to the 13th ASEM Summit (ASEM13) to be held in 2020 in Cambodia.

OBJECTIVES

Through the Online Course and the Face-to-face Training, participants will gain insights into the current perceptions of diplomacy efforts in Asia and Europe and how to incorporate public diplomacy skills into their daily work. The specific objectives are:
