Educ. 330 Production of Instructional Media
Educ. 331 History of the Philippine Educational System

- Educ. 332 Education and Information Technology
- Educ. 333 Research Problems and Issues in Education
- Educ. 334 Developing and Using Classroom Assessment
- Educ. 335 Testing Children Intelligence
- Educ. 336 Evaluation Procedure
- Educ. 337 Verifiability, Validity and Reliability Analysis of the Assessment Instrument
- Educ. 338 Alternative Assessment

IV. Dissertation (12 units)

- Educ. 400 Dissertation Writing

Course Description

Educ. 101 **Institutional Heritage (for non-SU graduate)**
Educ. 313 **Philosophy of Philippine Education**
A critical examination of the philosophical boundaries of the Philippine educational system and viewing in the light of contemporary society.

Educ. 314 **History of Educational Thought**
An overview of the historical development of education from early beginnings of the 20th century.

Educ. 316 **Total Quality Management in Education**
Educ. 301 **Theory and Practice of Governance in Educational Institutions**
Educ. 302 **Philippine Jurisprudence in Education**
Study of the rights of the family, the church and the state in the education of the youth; how they constitute limitations upon the government's power to legislate on education; the Philippine constitutional and statutory provisions on education, including pertinent regulations and circulars; organization of the Philippine educational system. Emphasis on class discussion of students' reports, especially on school legislation.

Educ. 303 **Human Capital Development**
Educ. 304 **Educational Operations and Financial Management**
Educ. 305 **Seminar in Human Development and Environmental Well-being**
Educ. 307 **Recent Trends in Curriculum Development**
This course attempts to acquaint the student with the issues involved in curriculum development, and to develop an understanding of the learning process of the Filipino student in the context of the local school environment. Resource persons may be brought in to discuss recent developments in curriculum offerings in a wide variety of fields.

Educ. 308 **Advanced Statistics**
This course is designed as a sequel to Principles of Research. Its emphasis is on applicable and appropriate statistical tools for analysis of specific types of variables that a student deals with in his/her research. Stress is made on the use of statistical tools in interpreting the results rather than on the mechanics of computational procedures.

Educ. 309 **Qualitative Research**
Educ. 310 **Quantitative Research**
Educ. 324 **Guidance and Student Services**
Presents the organization and administration of guidance programs; student discipline; the philosophy and management of the student activities; health and athletic programs, their financing

	and evaluation; student publications; supervision of student residence; social attendance, etc.
Educ. 306	Seminar in Human Behavior in an Organization This course builds upon basic concepts found useful by administrators in dealing with individual and group behavior, including supervisory behavior, within various organization settings. A significant portion of the course consists of case studies written on problems dealing with human behavior factors in the environment.
Educ. 315	Strategic Management in the Education Industry
Educ. 317	Client Relations in Education
Educ. 318	Thinking Preferences and Learning Styles
Educ. 319	Socio-Anthropology of Philippine Education The application of sociological approaches to problems in education within the context of Philippine conditions.
Educ. 320	Economics of the Philippine Education
Educ. 322	Impact of Climate Change on Ecosystems and Education
Educ. 324	Problems in Philippine Education
Educ. 325	Comparative Asian Educational Systems Educational goals, state relationships, system and teacher training in South and Southeast Asia (Japan, India, Republic of China, People's Republic of China, Pakistan, Thailand, Indonesia), and their implications in the Philippine educational system.
Educ. 326	Management and Practice of Service-Learning
Educ. 327	Comparative European and American Educational Systems Educational goals; state relationships, systems and teacher training in Spain, United States, France, Germany, England and Russia and their implication in the Philippine educational system.
Educ. 328	Analysis of the Training Process An examination of the classroom behavior of students and teachers through observational and interaction analysis.
Educ. 329	Management by Culture for Collective Identity
Educ. 330	Production of Instructional Media Special graphic techniques for preparing slides, transparencies, and charts for classroom use.
Educ. 331	History of the Philippine Educational System Scholarly literature is discussed and special topics are considered.
Educ. 332	Education and Information Technology
Educ. 333	Research Problems and Issues in Education
Educ. 334	Developing and Using Classroom Assessment
Educ. 335	Testing Children Intelligence
Educ. 336	Evaluation Procedure
Educ. 337	Verifiability, Validity and Reliability Analysis of the Assessment Instrument

Ed. 338 Alternative Assessment

Ed. 400 Dissertation Writing
