5th Sunday in Epiphany

Communion Sunday

On this first Sunday of February, which is also the fifth Sunday in Epiphany, we give focus on the vital role of each and every member of the church in the task of building up the body of Christ for its edification. Every individual member from the Sunday School children to the adults and senior members is expected to carry on a distinct role that will contribute to the mission and ministry of the church in this place. That is why we receive our equipping and empowerment for these tasks through the teaching and preaching we receive and through our own collective and individual reflections on the word of God during Bible studies. Empowerment of the lay is a key towards a more robust, dynamic and mission oriented church.

FEBRUARY is Membership Month

As we now begin the month of February we will be resuming our annual communicants class. Those who belong to the age bracket of 11-13 and have not undergone the communicants class program may please contact **Rev. January B. Alpuerto** for proper listing. Classes will start on March 2, 2019 from 9AM-3PM @ Conference Room.

We are also preparing to update our membership record for the governing members of this church. We will request those who are governing members to fill up our revised membership form. Others who are interested to become governing members may fill up the appropriate application form.

BIBLE STUDY Regular Schedule

The following are various bible study groups and schedules. Everyone is welcome and invited to join

- CYF** - Mondays, 5PM Church Lawn
- UCM**—Mondays @6:00 SU Conf. Rm.

Total	5,937,500.00	3,108,477.43	(2,829,022.57)	

Focus on bone health

By: Nenita P. Tayko

After reaching 30 years of age, if you have not been doing exercises to promote bone health, you might have problems later. Bones and muscles both become stronger when muscles push and tug against bones during physical activity. Here are five exercises for you: brisk walking, dancing, climbing stairs, jogging, jumping rope, step aerobics and hiking. Eating food rich in calcium will also increase your bone density: milk, cheese, other dairy products, green leafy vegetables, soya beans, tofu, nuts, fish (including bones as in sardines) & bread (with fortified flour). Love your bones and prevent osteoporosis!
